“ *I have many many great memories of Aunt Fay. We laughed, cried, sang and solved world problems together. She had a light in her that would also light up those around her. The heavens will now be a little brighter with her presence. My deepest sympathies and prayers to all the family and friends. We shall all see her again!*

“ When I was a little kid, Fay would let me hang out with her. One of my favorite memories is riding in her car and when the Donna Fargo song *Happiest Girl in the Whole USA* came on she turned it up really loud and sang along. I thought that was so cool. And as adult, whenever I hear that song I always think of Fay.

“ I have some great memories of Aunt Fay, too many, but I will keep it short! When I was young, Sonya and I took turns in the summer at each other's home. I have thought of those memories so often as I have gotten older. Fay was always made our time with her fun, I honestly don't remember her being snappy! She had the best laugh, and got a kick out of wisecracking with us kids! We can't forget about her GTO! I remember riding around in that car!!! It could definitely go fast!!! I know you all will miss her, I loved her and love all of you too!

“ I have good memories of Faye she was always good to me. We shared good times and sad times. We lost touch the last many years, but I thought of her often and hoped she was doing okay. I'm so sorry for your loss, no words can comfort you, she loved you all!

“ A favorite memory of my Aunt Faye is playing dominoes. She also made the best chicken n dumplings. She was a great listener. I will never forget the year her granddaughter and I surprised her for Thanksgiving. I picked her granddaughter and great grandkids up in Dallas and took them to her house for Thanksgiving. I will never forget the look on her face when we surprised her with their visit.

Such a great loss to our few patriatchs for the family. Will always cherish the memories of the time before and after dad passed that I stayed day and night nonstop so she wasn't alone. So many memories made during that time, so many old gospel played, sang and shared and the tears we both covered the table in as we played dominoes. Love you love you sister!!!
