“ I know that my Mother in Heaven was so excited when Charlie walked through those pearly gates. Charlie was the love of mom's life, she would have walked to the end of the world for that man. She loved him dearly.

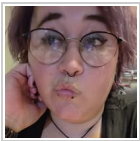

We were saddened by the passing of Charlie (or Papa Doc). He was part of our family for more than 40 yrs.

We had so many fun times. Skiing at Lugart lake, the cabin at Ft. Cobb lake and later Mom and Charlie's lake by Lake Valley. Fishing, boating, golfing, even flying with Charlie, lots of fun times and memories that we'll remember always.

Thanks Charlie for ALL those memories, love always, Trina and Family

“ Its kinda funny how I remember Doc! He was a ham radio operator with my mom and dad! And the 1st time I really remember meeting him was when I was 4 and was at one of the meetings I was bored and playing under the tables and messing with the chairs and he came over to me and asked if I wanted a paper air plane and he sat down with me and showed me how to make paper air planes and for there on out we were great buddy's! I will miss the best paper air plane maker sooo very much!! But at the same time im happy he is up there looking down on all of us with his wonderful wife now! I miss you Doc and I love you!!! Always and forever your boogie bear <3

“ *One of my best friends, I am thankful to have known him. Doc came to coffee every morning, not for the coffee but for the fellowship. Everyone will miss him dearly.*
