“ Our sympathies on Christie's passing. I know she was a good kid and leader of the Ward bunch 😊. I lost touch in her later years but know she must have been a good partner and mother. She will be missed. Our thoughts and prayers are with you all.

“ Christy my love you mean the world to me. My heart is shattered!!! I know you were one in a million and I was so lucky to have found you. I can't put into words how empty I feel right now without. The only thing keeping me afloat right now is our boys Jacey. How could I break this down into a memory because in our time together we had so many memories together in our time together that they were all so very special to me. I know you were watching down on us last night while we celebrated your birthday with the fireworks and I'm certain you loved it and how they celebrated your birthday. I miss you so much baby but I take comfort knowing you are not suffering anymore and that we will be together for eternity in glory.
