“ *Gayla was such a wonderful lady and a great mom. She never let her health get the best of her. Even at her worst days she would always be at church in Sunday's and Wednesday nights. She always had a smile on her face no matter what. She loved her kids and grandkids very much! She will be missed greatly!*

“ Enjoyed reading all the loving tributes left for Gayla...every word such a true description of her. She was such a sweet, caring, funny, happy, giving lady who loved people and was loved by everyone who knew her! Gayla cared for many of our family and friends' children throughout the years in her day care home and was loved by all. After caring, teaching and keeping up with other people's children all day and caring for her own family, Gayla would call and visit with me and check to see how our daughter Katrina was doing. Katrina was severely handicapped and had very special needs, but Gayla would call (in her very busy life) and offer to keep Katrina so we could get out for a bit and have a break as she called it. What an amazing woman! She battled MS for much of her adult life...with grace and smiles...continuing to care about others. Rest in peace, dear Gayla.

“ Gayla taught me how to drive a three on a tree...we did the Main Street drag many a times, and played the bass clarinet in band together...she will always hold a special place in my heart.

“ *LOVED THIS SWEET LADY. The best sister in law anyone could have. Time with Gayla was always hilarious, ornery, fun, precious. When I was between jobs, Gayla put me to work in her daycare to help me and my kids survive, until my new job started. I had a renewed appreciation for daycare work, and never forgot it. Family fun nights were times to remember. One night, Ray and Gayla, was dating, I think. Our family was playing games, Gayla jumped up, coming back down on the seat of the chair, which was probably 100 yrs old, anyway the chair collapsed. She got right up, dusted herself off, and we laughed and laughed about it. Also, her father in law, John Ashley. Called her 5x5, all in fun! But she would turn right around and call him an "old goat"!! Never a dull moment. I am so thankful she is in heaven, I have never known anyone that deserves to be in eternal peace, as Gayla does. Almost 30 years battling Multiple Sclerosis and never complained. Just took the hardships as they came. And did her best.*

*Gayla you had one of the most beautiful personalities and loving spirit I had ever been around. That beautiful smile and awesome laughter was so contagious. I'll never forget all the laughter we shared in that Pinto during our lunch break. You were so kind to haul some of us Freshman girls around. Rest in peace, sweet Gayla!*

*To Gayla's family, I "Josie" just found out about Gayla's passing, I feel just so sad. She was the best, most sweetest friend I ever had. I send my love to you all. Dino, take care of her daughter, and know I care so much for all of you. I never heard of Gayla complaining about anything, (if anything, I heard the opposite) . She was happy at all times. May she be with the Angels in Heaven singing to GOD.*
