“ I loved moma Stout she encouraged me while I was going to school to become a cosmetologist. While she was DON at Four Seasons she would let me give her pedicures, manicures , facials, and haircuts. When I became licensed she still wanted me to give her haircuts and I had the privilege of giving her last haircut before she and buddy moved to the assisted living center in Texas. She was a one of a kind lady and a smile that would make anybody having a bad day brighter and always had a word of wisdom and good advise . I know she is in a better place with her hubby enjoying their retirement now together.
