“ *Bertie and I shared our "growing up" years together at St George's college. We were always up to mischief of one sort or another ! We shared many adventures, escapades, and, especially, fun times together. Often weekends and holidays were spent at each others family homes although the ghost at Windsor was not so welcoming !! His sense of fun and infectious laughter will stay with me forever. Bertie is no longer with us but his memory will always bring a smile to my face. Rest in peace, my friend.*

“ *Betty and I are greatly sadden by the loss of such wonderful, loving, and fun hearted friend. Peter spent countless hours with us on the patio sharing stories and discussing current events. Our greatest memories come from Peter being our tour guide through the southwest of England. We will always cherish those times.*

“ Peter was just the sweetest man on earth....I walked in 25+ years ago to start a new job at Giltspur and he was one of the first people to greet me and welcome me to the company! We traveled together to London one year for a show....I was invited to stay at his parent's house up in Windsor. After a long chat with his Mom trying to explain to her that we were JUST friends, we had a great time. She taught me how to cook the best leg of lamb! In turn, Peter and I taught her how to make guacamole! The next morning as Peter and I were leaving his parent's house, there was smoke coming from Windsor Castle. I laughed and told Peter that the queen must have just kicked on her heat! Little did we know, we were witnessing the burning of Windsor Castle! We drove by and all of the queens children were in line passing the valuables out of the castle on to the lawn! We laughed so hard.....Peter was trying hard to remember how to drive on the other side of the street! He kept saying "Keep Nancy to the curb!" What a genuine loving person! All I remember now is laughing with him! That's the best memory....Rest in peace my dear friend. I will never forget you and you will always hold a special place in my heart.
