“All our love and comfort to the family of Toyah..... she was a fun loving cousin (our mothers were sisters). We saw more of each other the last few years after I moved back to Mangum. We helped them best we could when their home burned a few years ago. The main thing she needed were permanent hair rollers..... well, I took her a box of those. She always gave her own perms as did our mothers. We are really "chips off of the block". I also became better acquainted with Floyd in the last 15 years as they delivered papers and I saw them weekly in town. That was a heart breaking time for both of them. I've really missed seeing Toyah the past two years. She and her mother and sisters and other kin are rejoicing in heaven right now.”

“ I will always remember Toyah as a good, kind, and loving cousin. One summer when I was about 5 years old my sister and I stayed a week with them in Vinson. She and Teri would tell us ghost stories at night and we got to attend the engagement party for her and Floyd. All of my memories of Toyah and her family are good and loving. Nancy Hall

“ *My grandma was funny, animated, and she put her kids and grandkids above ALL else. She had a hard past couple of years, and we will miss her, a lot.* ”
